

## Agricultural Land for rent in Ercolano

**€ 800**

**Ref. CBI091-931-43709**

**10.000 sq.m.**

We rent agricultural land of 10,000 square meters in Ercolano, located in a flat area ideal for the cultivation of different types of crops, but above all for developing an Educational Farm, highly sought after for children's and non-children's workshops,

The land is composed of a large area of fertile soil, free from any type of construction, thus allowing maximum use of the space.

Access to the land is facilitated by a convenient road that surrounds it, making it easily accessible and convenient for harvesting operations.

The presence of an already installed irrigation system allows you to keep the soil constantly moist and promote plant growth.

The surrounding area is characterized by a mild climate and good sun exposure, ideal for growing vegetables, cereals or fruit.

A unique opportunity for those looking for land to rent to start or expand their agricultural business.
