Villa for sale in Torino

Precollina

€ 680.000

Ref. CBI098-1044-469

292 sq.m. | Bathrooms: 5 | Bedrooms: 3 | Rooms: 8

In the suggestive pre-hilly area, a short distance from the Gran Madre, along the prestigious Via Lavazza, we present an elegant portion of a villa free on three sides, immersed in a large and flat green space within a quiet residential context, comfortably served by the main city services.

This charming villa, originally part of an eighteenth-century building, has been expertly renovated to preserve its period features. From its imposing walls, you can admire the beautiful surrounding mountains, while the structure itself helps to keep the house cool in summer and cozy during winter.

The uniqueness of the property is emphasized by its distribution on two levels in addition to the basement. On the ground floor, the living area with fireplace opens onto a charming porch and a well-kept garden, while the sleeping area includes three bedrooms and bathrooms. In the basement, accessible via a stone staircase, you will find a spacious billiard room, two further bedrooms, a bathroom with hydromassage, a laundry room, a gym and a cellar.

Externally, in addition to the garden, you can enjoy a large terrace ideal for spending sunny days in company, perhaps with barbecues thanks to the barbecue available. For enthusiasts, a tennis court surrounded by greenery completes the offer.

The major renovation project guaranteed significant energy savings: thermal insulation on the external walls, complete replacement of the wooden window frames with double glass, renovation of the roof with isotec panels, installation of solar panels and a new boiler with underfloor heating. Thanks to these improvements, cost management is extremely limited, offering a quality and sustainable living experience over time.
